

Remarks/Election

Claims

The December 8, 2004 communication sets forth five purported groups: Group I, represented by claims 1-9 and 38, Group II, represented by claims 10-13, Group III, represented by claims 14-21, Group IV, represented by claims 22-29, and Groups V, represented by claims 30-37.

Please cancel Groups II, III, IV, and V represented by claims 10-13, 14-21, 22-29, and 30-37.

Remarks/Election

Applicants hereby elect for further prosecution of claims 1-9 and 38 which are the claims of Group I according to the Examiner's classification. The HIV-1 species is elected consonant with the restriction requirement. Applicants submit that elected claims 1-5, 7-9 and 38 are readable on the HIV-1 species.

Applicants have cancelled the non-elected claims of Groups II, III, IV, and V, represented by claims 10-13, 14-21, 22-29, and 30-37 although Applicants reserve the right to file a Divisional Application directed to the subject matter of the nonelected claims prior to the issuance of a patent on those claims elected for further prosecution at this time.

An action on the merits is solicited.
